

VERDICT CONDEMNED

Condemnation and consternation filled the air when The Herald flashed the verdict in the Franks murder case, that the judge had sentenced them to life imprisonment. Nothing apparently has so stirred the hundreds of people who received The Herald's bulletin in many years. Expressions such as "I am dumbfounded," "America must and will renounce this miscarriage of justice," were heard everywhere. "Nothing like it in years," remarked a woman on the wire. "Preme ditated guilt clearly proven should have received the limit of the law."

JUSTICE WILL BE DONE

THE WEATHER

Washington, Sept. 10—Forecast for northern New England: partly cloudy tonight. Thursday fair, fresh, probably strong, north winds diminishing Thursday.

PRICE TWO CENTS

NOMINATE FULLER AND GILLETT IN MASSACHUSETTS

Present Lieutenant Governor Has Lead of Over 40,000 Over State Treasurer Jackson

(By Associated Press)
Boston, Sept. 10—An easy victory for Speaker Frederick H. Gillett of the National House of Representatives was the outcome of the three-cornered nomination for U. S. senator in yesterday's primaries. Returns from 1367 of the 1432 precincts in the state, including Boston complete, gave Gillett 137,022; Luis A. Coolidge, 87,103 and Cong. Frederick Gallinger 73,980. Lieut. Gov. Alvan T. Fuller was nominated for governor by the Re-

publicans, the same precincts giving him 176,659 to 136,196 for State Treasurer James Jackson. John J. Cummings, lawyer, won an easy contest for the Democratic nomination for lieutenant governor, 1367 precincts giving him 55,834 to 36,132 for William A. O'Hearn of North Adams and 20,143 for Thomas J. Boynton. State Senator William Youngman easily outdistanced five opponents for the Republican nomination for state treasurer.

FOUR HURT IN WESTERLY FIRE

(By Associated Press)
Westerly, R. I., Sept. 10.—Fire last night swept through the three story storehouse of the Bradford Dye Association in the Bradford District of Westerly, causing a loss of \$100,000.

Ted Weall, an employee, was rendered unconscious when he was hurled from a ladder by the falling roof. Three other persons were injured less seriously while fighting the flames. The stone building, known as the old Niantick mill, housed \$60,000 worth of dyes, part of which were saved.

Miss Blanche Lovell is having a vacation from her duties at the Internal Revenue office and is on a trip to New York, the Hudson River and other points of interest.

PUBLIC WORKS BOARD MEETS

Want Appropriation for New Accounting System—Grant Several Petitions

The full Board of Public Works met on Tuesday evening with Mayor Dexter presiding. The most of the evening was given to various petitions reports and payment of bills. Petitions were granted as follows: Henry Kwong Restaurant, Company to erect an electric sign on the Hartford Building on Congress street under the supervision of Supt. Dore.

J. O. Berry to hang sign at Acorn Book Store, Congress street.

Portsmouth Gas Company to open Lincoln avenue to run service to No. 765 Middle street and to open the same avenue to run service to John Noel's new apartment house.

Superintendent Dore rendered a report of the results of the Pitometer Company's work so far and several requests and complaints were acted on or referred to the superintendent for investigation.

It was voted to ask the city council for an appropriation of approximately \$700 for the installation of a new accounting system in the water department.

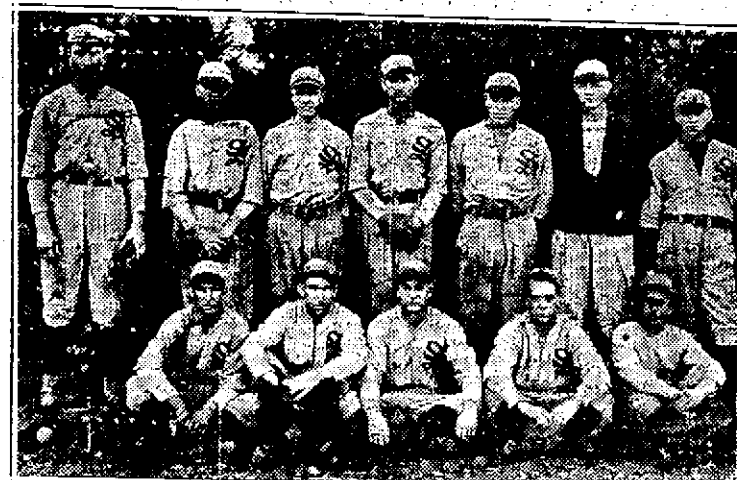

Bills amounting to \$2,624.40 were approved and ordered paid.

TRANSFERRED TO LOCAL OFFICE

Charles Defaut, who has been acting clerk for the W. U. Tel. Co., during the summer at Ogunquit has been transferred to the Portsmouth office of that company.

LIFE IMPRISONMENT FOR TWO YOUTHFUL CHICAGO SLAYERS

SAVANNAH TEAM MADE FINE RECORD

U. S. S. SAVANNAH BASEBALL TEAM Photo by Staples
Standing, left to right—Foley If, Webbe utility, Lee rf, Hammond 1b, Lockwood c, Pfeiffer p, Smith utility.
Sitting, left to right—Begal utility, Roach cf, Salmon 3b, Douglas 2b, Sabeleski ss.

The U. S. S. Savannah had one of the most popular baseball teams in the Sunset League this year. The sailors won their popularity by the fine brand of baseball they showed in all the games played. As they entered the league at mid-season that had little chance of coming to the top. They also were at a big disadvantage being willed the cellar berth by the Camden team which had to withdraw from the league when the ship sailed. When the final standing of the league was made the Savannah had climbed up into fourth place after having played some of the best games of any team in the league. The Savannah had victories over the DeMolay league champions and nearly all the teams in the league.

Besides having a first rate team the Savannah had some real star players. Chief among these were Kelley who was picked for the "All Sunset League" team, Lockwood who was one of the snappiest catchers to appear in the league this year, and Pfeiffer who pitched some nice games for the sailors.

Lockwood is a "peppy" player who has his head in the game every minute. He is a good hitter, a clever base runner and has a fine throwing arm. He watches his men and places them where they are apt to do the most good. He was a big factor in the Savannah's great showing during the past season.

Kelley "All Sunset League" third baseman earned the position by his great work at the hot corner and for his batting average. He hit the ball hard and was a fast man on bases. There were few balls that got by him when it was possible to get them and his peg to first was all that could be desired.

Pfeiffer was a good pitcher and

worked very well with Lockwood. He has an assortment on nice curves and pitched a heady game. Besides that he was a fair hitter and could be depended on in the pinches.

Sabeleski who also played in the infield is a good ball player and showed the real goods when taking them in around the keystone sack. Douglas and Salmon played well for the sailors. The fans are all hoping that the Savannah will be in port again next summer so that the sailors can put their team into the league with no handicap and have a real chance to cop the pennant.

The Savannah was beyond a doubt the best Service baseball team that has played in Portsmouth in a good many years. After being in port only one day and without any practice whatever the sailors played one of the strongest teams in the league and suffered a 2-1 defeat after putting up a great game. After that first game the fact that the Savannah team was going to play was a signal for all the fans to turn-out as every game the sailors played was bound to be good baseball. The Savannah sailed out of here the day after the league ended taking with it perhaps the most popular service team that has ever appeared here.

CONGRATULATING FULLER

Residents of Rye Beach and North Hampton were extending their congratulations today to Lieut. Governor Alvan T. Fuller on his nomination as the Republican candidate for governor of Massachusetts. Mr. Fuller has had a summer residence at Little Boars Head so long that the people of that section look on him as almost a native.

Judge John R. Caverly in Pronouncing Sentence on Nathan Leopold and Richard Loeb Says Only Youth of Defendants Prevented Death Penalty

(Continued on Page Nine)
(By Associated Press)
Criminal Court Building, Chicago, Sept. 10—Sentences of life imprisonment for the murder of 14-year-old Robert Franks and 99 years imprisonment for kidnapping the boy were meted out to Nathan Leopold, Jr., and Richard Loeb by Judge John R. Caverly. The youth of the defendants, 18 and 19 years, was all that saved them from the noose. "It would have been the path of least resistance to impose the extreme penalty of the law," said the gray-haired judge, in his decision. "In choosing imprisonment instead of death the court is moved chiefly by the age of the defendants."

Judge Caverly added that while life imprisonment may not strike the public imagination as forcibly as would hanging, "yet to the offenders, particularly of the type they are, the prolonged suffering of years of confinement may well be the severest form of retribution and expiation."

Robert E. Crowe, state's attorney, in a statement immediately after the session said: "I still believe the death penalty is the only penalty feared by the murderers." He said the responsibility of the decision rested with the court alone and that he had no desire to criticize it, but that he would continue to do "everything within my power to enforce the law honestly and vigorously without regard to the status of the criminal." Leopold and Loeb will be taken to Joliet penitentiary in an automobile within an hour,

according to Sheriff Hoffman. After sentence had been pronounced Nathan Leopold, Sr. father of one of the defendants, who sat with head bowed when the judge read his decision said that he would never attempt to obtain the release of his son from the penitentiary. When asked if that was his attitude he replied emphatically "surely." "It was all we could have asked for," said Clarence Darrow, chief defense counsel. "There will be no appeal. I do not regard it as a victory, except a victory for justice," said Benjamin Bachrach of defense counsel, as he stood off those who offered congratulations on the youths' escape from the noose, saying: "Do not congratulate me, personally." Edwin Gresham, uncle of the murdered child, the only member of the Franks family in the court room refused to comment on the sentences. An immense crowd gathered about the entrance of the Cook county jail when the sentence became known. A score of motorcycle policemen lined up on both sides of the street and held the people in check. The crowd was silent and merely stood about watching the court house doors.

Chicago, Sept. 10—At the office of the county sheriff in the criminal court building, it was announced that Leopold and Loeb would not be started for Joliet today. They probably will be held in the local jail until Friday, it was stated.

EASY VICTORY IN VERMONT PRIMARY

(By Associated Press)
Montpelier, Sept. 10—Ernest W. Gibson of Brattleboro, Republican congressman from the second Vermont district, won a comparatively easy victory in his campaign for renomination in the primaries yesterday. He defeated John W. Gordon of Badre by a plurality of 3700 votes out of a total for the district of less than 19,000. He carried six of the seven counties. The only other contest on either the Republican or Democratic tickets were for the Republican nominations for governor and lieutenant governor. For the former place Franklin K. Billings, the present lieutenant governor, defeated Roland E. Stevens of White River Junction by a vote of almost three to one. He carried every county in the state. The nomination for

lieutenant governor went to State Senator Farnsworth, who won over State Senator J. Gregory Smith. Smith carried his own county but all the others were in the Farnsworth column.

THE HERALD WIRES BUSY

The Herald wires were busy last night with interested people seeking to know how the Massachusetts election was going and the usual good service was given. A great many of the inquiries concerned the candidacy of Lieut. Governor Alvan T. Fuller as he is very well known in this vicinity and when early reports showed that he was leading by a substantial margin considerable satisfaction was expressed.

NEW SECRETARY MEETS WITH DIRECTORS

Lee H. Brow, the newly appointed secretary of the Portsmouth Chamber of Commerce, met for the first time with the Board of Directors at its regular meeting Monday noon at the Rockingham Hotel. Mr. Brow has recently come to Portsmouth to succeed Robert J. Eustace, as managing secretary of the local Chamber. He was for four and one half years Secretary of the Westfield, Mass., Chamber of Commerce, and in that position has gained a great deal of Chamber of Commerce experience. Mr. Brow stated to the directors that he was rapidly getting acquainted with the people of Portsmouth and expected to be in a position within a few days to carry on the work that Mr. Eustace has left. He was particularly emphatic in his statement that Portsmouth is a splendid city representing all the numerous problems found in the average American city. He believes there is a great deal to challenge the thought and vigorous activity not only of the members of the Chamber of Commerce, but its entire citizenship. Mr. Brow stated that the regular routine of the Chamber of Commerce office is going on uninterrupted and that the major activities of the

Chamber, such as the work of committees, would be under way within a few days.

Among the matters considered and acted upon by the directors at Monday's meeting were the report of the Merchants Bureau Executive Committee with regard to the National Defense Day plans. While the majority of the merchants are not in favor of closing the stores they are, however, cooperating in every way possible in carrying out the plans that the local Defense Day committee have in mind.

A communication was received from the New Hampshire Retail Jewellers Association relative to the possibility of the 1225 Convention of that organization being held in Portsmouth. The Secretary was instructed to get local sentiment on this matter and communicate same to the officers of that Association. This has been done and a strong appeal is being made for this convention next year.

The local Chamber has been notified by the United States Shipping Board that there has been a change in the date of the hearing on Port Differential Investigation No. 26, in that it has been set over from Sept. 23 to Tuesday, October 7, beginning at 9:30 o'clock in the forenoon at the office of the United States Shipping Board in Washington, D. C.

An invitation was received from J. L. Brooks, President of the Eastern States Exposition, to be held soon in Springfield, to the President and Secretary of the local Chamber, asking their presence at the exposition in connection with Governor's Day, Monday, September 15. The following committee was appointed to cooperate and represent the Chamber of Commerce at the Electric Light Association Convention which will be held this week at the Wentworth Hotel. Charles W. Gray, chairman, Frank W. Randall, Fred J. Sise, R. Clyde Marge, Frank E. Brooks, Volney Badger, Ira Brown and Hiram Weyer.

The regular weekly financial statement was presented showing the Chamber in good financial standing in the closing days of the fiscal year.

The directors will meet again in regular session Monday noon, Sept. 15 at the Rockingham Hotel.

FOUR CONFERENCES DAILY

In order that the Sunday school workers of New Hampshire may receive as much help as possible for their own particular work in the Sunday school, the State Council will provide

four simultaneous conferences each day at the State convention to be held in Lebanon, Oct. 1, 2 and 3, one conference for each of the four grand divisions of Sunday school work. Four leading specialists have been secured to conduct these conferences—Mrs. Sarah Morgan Mercer of Nashua for the Children's division; Rev. Warren T. Powell of Springfield, Mass., for the Young People's division; Rev. Ernest A. Miller, Ph. D., Manchester, for the Administrative division, and Rev. Ivan S. Nowlan of Boston for the Adult division.

N. H. UNIVERSITY OPENS FOR YEAR

Durham, Sept. 10.—The college year opened at the University of New Hampshire today when the freshman class arrived a week before the upperclassmen for the special exercises of Freshmen Week. Freshmen Week has been instituted this year for the first time with the aim of giving the freshmen a better start. From Sept. 19 to 26, when the three upper classes arrive, the entire faculty will give its attention to the freshmen alone.

The two main purposes of the intensive work of Freshmen Week are: By means of tests and personal interviews to enable the faculty to know the freshmen, their ability and their interests; second, to give the freshmen information about the university and the problems and responsibilities of college life. It is believed that many of the difficulties of freshman year will be removed by this preliminary week.

On their arrival the freshmen were divided into groups of twenty, each group under the leadership of a member of the faculty, who will act as special adviser to the students of his group. The students had this morning in which to register and the afternoon for moving into their rooms; the groups will assemble this evening at 7 o'clock to receive information about the week. At 8 the entire freshman class will meet for the first time and will be addressed by President Hetzel.

Thursday morning the groups meet at 8 o'clock and begin their program, which will keep them busy morning, afternoon and evening. They will be given physical examinations, tests designed to show their ability to do college work, examinations in English vocabulary and ability to write English. Each group will make a tour of the university library and learn how to find and use the books and periodicals they will need. They will be told how to go about preparing for a recitation and an examination, the dean of each of the colleges, Agriculture, Engineering and Liberal Arts, will speak on the courses offered in his college and the deans and group advisers will hold consultation hours for those who are undecided as to their course. Freshmen will have the whole week in which to select their courses. The information which the advisers will receive from the students in conference and through the examinations will be of great assistance to the advisers in helping the freshmen to choose their courses.

On Thursday evening a reception to the freshmen will be held at the Community church, next evening a talk by the president of the Student Council and on Saturday evening a special motion picture. On Monday evening, the night before the upperclassmen arrive, the leaders of the various student activities, such as the student newspaper, the athletic teams, etc., will speak and the cheer leaders will teach New Hampshire songs and cheers. A part of each day has been reserved for out-of-door recreation and Saturday afternoon will be given over to sports and games for all.

Attendance of all freshmen at all of the exercises of Freshmen Week is obligatory. Any candidate for admission to the freshmen class who is absent from any of the exercises beginning today, will seriously imperil his admission to the university. Students who intend to commute during the fall term will be required to remain in Durham during Freshmen Week except from evening trains on Saturday until morning trains on Monday. This will be necessary on account of important evening meetings. For such students rooms will be provided in the dormitories without charge, the student furnishing bedding and linen.

STRAFFORD SUPERIOR CT.

Dover, Sept. 10.—Several indicted prisoners reversed their pleas of not guilty in Strafford county Superior court yesterday. Lewis E. Polardy of Dover, charged with deserting his minor children and neglecting to provide for their support, was one of these. Judge Bourque gave him a suspended sentence of one year in jail and to pay costs of \$5.02, the condition being that he support his children.

Thomas Lyons, 18, of Boston, charged with breaking and entering at Farmington, after which alleged break he escaped to Portsmouth where he stole a bicycle, only to be captured at Somersworth, pleaded guilty to the indictment. His counsel asked the court to give the boy a jail sentence suspended, instead of a state prison sentence, and let him return to Boston. Judge Bourque ordered the case continued for sentence, and told the youth that if he got into any more trouble there was nothing that could save him from going to state prison.

The court continued for sentence, also, the breaking and entering cases against Albert Nadeau and Rene Gauthier of Dover, who were charged with breaking and entering the store of Peter Geaneopoulos here last May. The respondents had pleaded nolo.

Paul Proctor of Madbury pleaded guilty to larceny of goods from the home of J. Ralph Sherburne in Barrington, and was given a suspended sentence of 30 days in jail.

The liquor appeal case against Archie Kelley of Dover, accused of boot-legging, was not pressed.

The fraud case against John F. (Chick) Dillon of Boston, charged with attempting to defraud Miss Teresa Connolly of this city of \$50, is set for jury trial this morning.

RYE

Rye (Sept. 10)—Mr. and Mrs. Pearl Rand are rejoicing over the birth of a daughter, who has been named Beulah Elizabeth.

Miss Thelma Seavey has returned to her duties as pupil nurse at the Wentworth hospital, Dover, after spending a three weeks vacation with her parents.

Miss Sylvia E. Sterling, a graduate of Keene Normal school, class of '22, has accepted a fine position as teacher in the Dighton, Mass., schools and left

for her new duties last Saturday. Mr. and Mrs. Boardman Randall and family have returned to their home in Portsmouth, after passing the summer at Wallis Sands.

Miss Lena Wilson has returned to her teaching duties at Newmarket, this state.

Mr. and Mrs. Ned Sterling and family, accompanied by Mr. and Mrs. John Scully and family and Myron Jenness, have returned from a five days trip through the White Mountains and Canada, covering over 400 miles and visiting many places of interest. One day was spent in climbing Mt. Washington and Labor Day night they were camped at Willey Slide and at midnight were visited by a severe thunder storm and large hailstones fell for over half hour. There were over 100 camps on the camping ground and many Portsmouth people were there for the night.

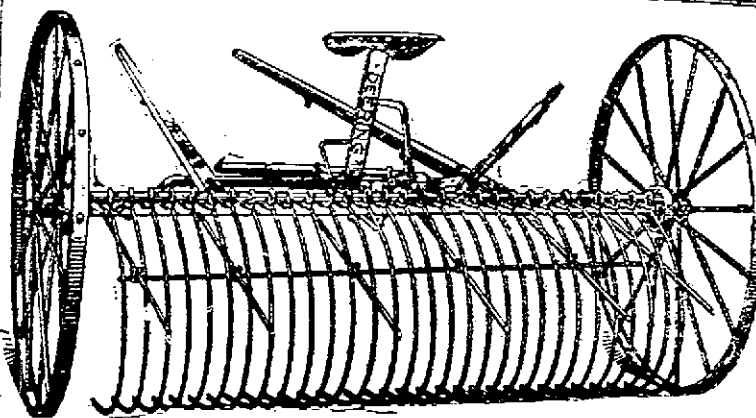

STUDIO OPENS SEPT. 13

Through the kindness of the pastor, Rev. Alfred Cardall, of the Universalist church, Amelia Dame Brown is to conduct her classes in Dramatic Art and Piano at the Universalist vestry, beginning Sept. 13. A fine stage and the use of two pianos offers an excellent opportunity for ensemble work and stage deportment. The work of this studio is strictly high class and no jazz is taught. Its aim is to elevate and it succeeds. Every pupil is expected to perform in public locally and elsewhere. It is as much a part of their education as lessons in time, technique and notation. Of the Moonlight Fantasy, in which five Rye and Portsmouth girls participated in New-

buryport last June the Newburyport News said, "a recital which called forth many warm manifestations of approval," and "pupils consumed in character parts in impersonation, pose and stage personality showed unusual ability." The French-Visual method is used in this studio. This method quickly attracts the pupil to create a musical touch and deep understanding of the work on hand. It is threefold in its application, physical, intellectual and spiritual. It is hoped to present

Road Building Far Behind the Automobile

Millions now recognize the automobile as a necessity. It is no longer a luxury for the few. Sixty per cent of its use is for business.

Because of this the modern paved highway has become an economic necessity.

Yet although the mileage of Concrete Roads and Streets has been steadily increasing, our highway system today lags far behind the automobile. The great majority of our highways are as out of date as the single-track, narrow gauge railway of fifty years ago.

Such a condition not only seriously handicaps the progress of the automobile as a comfortable, profitable means of transportation, but also holds back commercial, industrial and agricultural advancement in practically every section of the country. It is costing taxpayers millions of dollars annually.

Highway building should be continued and enlarged upon.

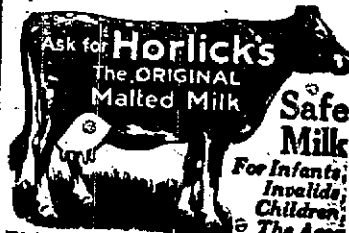

Your highway authorities are ready to carry on their share of this great public work. But they must have your support. Tell them you are ready to invest in more and wider Concrete Highways now.

Excels in Strength and Performance

In its admiration of the good Maxwell's ability to outperform anything at anywhere near the price, the American public should remember—

1st.—That no other car in America, regardless of price, excels Maxwell strength and staunchness in proportion to weight and power.

2nd.—That at all vital points, metals and construction are the same as in cars that cost three to four times as much.

3rd.—That in its manufacture, no measures are too costly to protect the owner fully, in person and in pocket.

Those are the precise reasons why the good Maxwell—now under the supervision of Chrysler engineers—stands up and delivers its splendid service at such amazingly low cost.

All Maxwell dealers are in position to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

The Good

MAXWELL

HOLMAN'S GARAGE

HIGH SCHOOL ELEVEN HAS FINE WORKOUT

The high school had its first workout under the direction of Coach Rice at the playgrounds yesterday afternoon and some very likely looking material was on hand to start preliminary work. With a wealth of husky line material and number of fast backs the high school should have one of the best teams in recent years.

There were about forty boys out for the initial practice and less than half of this number were equipped. The coach is somewhat handicapped in not having all his men fully equipped as some of the newcomers cannot be expected to show to advantage without the proper gear in which to play the game. There were also some of last year's letter men who were without uniforms. An order has been put in for new equipment and it should be on hand before the real work of the season begins.

A large crowd of spectators was on hand to see the opening practice. The crowd was also furnished a thrill by the try-out of the new fire apparatus which was held on Jenkins Ave. near the South Mill bridge. The engine has a great deal of strength and shot a stream of water high into the air.

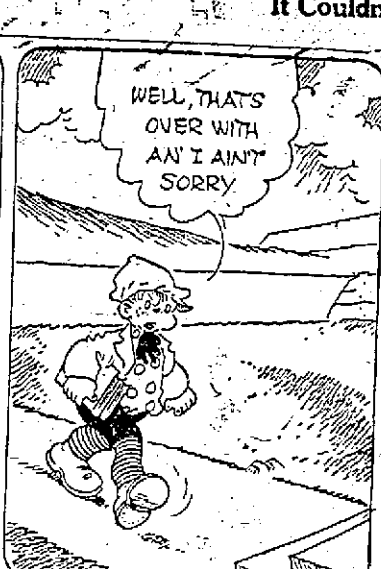

Getting back to football, Coach Rice gave the boys a very light workout of the type that is ideal for getting the kinks out. Plenty of running, starts and handling the ball. Picking out his letter men of last year and others who were ununiformed, he put them through a dummy scrimmage while the remainder of the squad gathered around and got the idea on how plays should work out and the various duties of the men in all positions.

Coach Rice will have to develop several kickers as Buckley was the only one on the squad who did any kicking last year and he has now joined the ranks of the Alumni. The coach had several of the boys kicking the ball this afternoon but none of them looked up as probable punters. The best kicker on the squad is Kir-

FRECKLES AND HIS FRIENDS

AFTERNOON OF THE SAME DAY

BIG CROWD AT BELLEVUE SHOW

Four Fine Bouts Staged Before Big Gathering of Fans

A crowded house greeted the Bellevue A. C. boxing show last night and saw four of the best boxing matches that have been seen in this city for some time. Every bout was full of action from beginning to end and there every man in the ring was in there to win, all of which made the show the real goods.

"Tommy" French of Somersworth took the main bout from Gunboat Jack of Lawrence after a fast and furious fight that had the fans on edge every minute. Both these battlers were anxious for a win as much depended on the fight. French appeared to have a little weight advantage on Gunboat Jack, but the latter offset this by his dancing in and out and dodging the rushes made by French. Gunboat Jack seemed to have the advantage in the earlier rounds as French was unable to get by his long range guns and the colored boy was using his great reach to good advantage on the Somersworth fighter.

As the fight progressed French by continually boring in got inside of the long shot of Gunboat Jack and piled up the points. French was infinitely better in the close fighting game than his rival and punished him with a stiff kidney punch while they were in the clinches. Jack's most effective punch was a right uppercut which he landed several times on French's jaw but the latter always managed to make the deadly right of the Lawrence Panther glance instead of landing flush.

In the third round when breaking from a clinch Gunboat Jack was thrown down and nearly out of the ring. Both men were fighting hard for the advantage. The next frame found both the fighters toppling out into the first row of seats.

As the battle continued, it raged fast and furious and French piled his lead on, getting in some fine work in the clinches. The colored boy was unable to manipulate his artillery in the close quarters and French always managed to keep his right arm free and land punches to the head and kidneys that were rolling up a score for him.

Gunboat Jack was unable to get his mighty right into action very often but he continually kept his left out in front and had a tantalizing way of shoving it into French's face. Gunboat scored most of his points with his left. The first round went to Jack and after French got up steam he managed to take enough rounds to pull him through with a slight margin over his shifty opponent. A meeting between these two again would furnish fireworks for any boxing card.

The semi-final was very short-lived. Soldier Turcotte, husky battler from Somersworth, gave Young Maxfield of Rochester a lesson in the many art of self-defense and punctuated that lesson with a jab on the jaw which put Maxfield down for the count. The boys stepped into the ring for the opening chapter of which was to be a six-round battle. They had met before and that meeting was not very friendly. They came together again to settle an old score. Turcotte greeted his little playmate with a right to the jaw and Maxfield was wide with a left for the head. They parried and Turcotte put one to the head which sent Maxfield down for the count of nine. A second later Maxfield ran into another one on the jaw and took the count of nine again. Turcotte, who now had his man groggy, sent a terrific right which traveled only eight inches and landed flush on Maxfield's jaw. This blow lifted the Rochester boxer completely off his feet and set him on the floor in anything but a gentle manner. Turcotte picked his late rival off the canvas and set him down in his corner. All this happening within the space of one round kind of took the fans unawares. When they did come around to the situation everyone began to talk about that powerful right jab packed by Soldier Turcotte.

"Buddy" Nichols of the Marine Barracks and Walter Scott of Rochester fought four fast and furious rounds ending in a draw. These two fighters did a draw a few weeks ago here and each was a few weeks ago here and each being unable to get any decided advantage over the other. Nichols looked good to have things his own way in the third but after getting his man groggy he slowed down a bit, just long enough for his opponent to recover. The fourth round started in whirlwind fashion and each fighter got in some heavy blows. The verdict draw was well received by the huge crowd and both fighters were loudly cheered as they left the ring.

The opener, with Billy Manzillo of the Navy and Young Joyce, was one of the choice morsels of a very rare "banquet of bangers." These two little men are as fast a pair of maulers as ever stepped into a ring in Portsmouth. Manzillo who has become very popular in Portsmouth had a large following as did Joyce, who has fought here before. They weighed about the same and fought in very nearly the same style. Both the little men were fast clever boxers and depended on hitting and getting away. Joyce had the first two rounds by a wide margin, getting in some pretty blows, while Manzillo had a hard time to put a glove on the Lawrence flash. In the next two rounds Manzillo found himself and fought pretty evenly with the Lawrence boy. His margin in the first two gave the verdict to Joyce. Manzillo, between the semi-final and final, got into the ring and challenged Joyce to a six-round fight. This battle will very likely be staged and should prove a big drawing card as there is bound to be plenty of action when the two little men meet again.

The Bellevue A. C. show was a great success and all the fans were greatly pleased with the bouts. Some of the old-time fight fans who can remember back to the days of John L. agree that these were the four best bouts ever pulled off here. The boxing game is fast getting on a solid base here. The bouts are well handled and are attracting larger crowds each time. There were many from Dover, Somersworth, Rochester and Lawrence here last night to see the matches. The huge crowd showed that the fans are willing to support good clean shows, and speaks well for the future of the fight game in Portsmouth.

THE STATE OF NEW HAMPSHIRE SUPERIOR COURT

Rockingham, ss. August 23, 1924

In the matter of a libel for divorce with prayers relative to the custody of children, alimony, support and other relief, which is now pending in the Superior Court for said County of Rockingham the original of which is on file in such court and may be examined by interested parties, the title of the case being as follows:

Florence L. Day v. Glenwood C. Day. It appearing that the residence of the libelee is unknown, it is ordered that the libellant give notice to the libelee to appear at the Superior Court, next to be holden at Portsmouth, in said county of Rockingham, on the third Tuesday of October, 1924, then and there to show cause, if any there be, why the prayers of said libel should not be granted by causing a true and attested copy of this citation and order of notice to be published in the Portsmouth Herald a news paper published at or nearest the last known place of residence of the libelee in this state, three weeks successively, the last publication to be at least fourteen days prior to the return day.

It is further ordered that the clerk shall send by registered mail with receipt a copy of the libel and order attested by him, within seven days after the filing to the libelee at the last known postoffice address and to the relative or friend, as stated in the libel.

Attest: A. S. RUNDLETT, Clerk
Arthur P. Hayden, Esquire, Atty. for Libellant.

The foregoing is a true copy of citation and order for publication.

Attest: A. S. RUNDLETT, Clerk

JOYS OF MOTHERHOOD

Often Prevented by Female Trouble

Lydia E. Pinkham's Vegetable Compound brings Joy to Homes by Removing Cause of Trouble

Brooklyn, N.Y.—"I was working after I got married and the young lady who worked next to me asked me if I had any intentions of having a child. I told her I would be the happiest woman on earth if I could become a mother, but I always had terrible cramps, backaches and headaches. She then told me of a woman she knows who took Lydia E. Pinkham's Vegetable Compound for the same troubles and it helped her greatly. I took about a half bottle and found that the following month I did not suffer any pain, so I kept on taking it. I have a wonderful baby boy six months old and he is as strong and fat as any one could wish a baby to be. I still take the Vegetable Compound regularly because I have looked fine all the time and felt fine and my mother told me that was the reason. I will be glad to have you publish my testimonial with my name and address."—Mrs. EDWARD WEBER, 1324 Greene Avenue, Brooklyn, N.Y.

and I was afraid that I could never have any more, for I had been told that I never could have a living child for I was not strong enough to carry one. But they were mistaken and I had a nice baby boy and now I have five children. I can't praise your medicine enough. My youngest sister has taken it, too, and praises it."—Mrs. G. L. WISWELL, 43 Mechanics Row, Auburn, Maine.

These cases are similar to many others reported to us. It is well for women to carefully consider such statements and to give Lydia E. Pinkham's Vegetable Compound a fair trial. It may bring great joy to your home.

Over 100,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 per cent of these replies are "Yes."

That means that 98 out of every 100 women who take this medicine for the ailments for which it is recommended are benefited by it.

This goes to prove that a medicine specialized for certain definite ailments—not a cure-all—can and does do good work. For fifty years Lydia E. Pinkham's Vegetable Compound has been a medicine for women.

For sale by druggists everywhere.

Free From Old Trouble

Auburn, Maine.—"I suffered with inward weakness for ten years and had doctored all this long time but never got any help. One day I saw my sister and she told me of Lydia E. Pinkham's Vegetable Compound and I went and got me a bottle of it. I took two bottles and a half and I was just as free from my old troubles as I could be. I had only one child

SMOOTH PERFORMANCE

A marked smoothness characterizes the performance of Dodge Brothers Motor Car.

In keeping with the policy of constant improvement, effective measures have been taken to minimize vibration. Applied to the body, engine, clutch, brakes, and other vital units, these refinements add immeasurably to the comfort of travel over boulevards and country roads.

The effect is so pronounced, in fact, that it is entirely fitting to classify smooth performance as one of the outstanding attributes of Dodge Brothers Motor Car.

Private Justice

Herrin, Ill., which is figuring unpleasantly in the news again, is an extreme illustration of what happens when private citizens undertake to administer public justice.

The trouble, or at least the recent wave of trouble, started there a couple of years ago, when union miners and their sympathizers undertook to vindicate their rights as they saw them by using violence instead of persuasion and law. The result of that effort was such an orgy of mob murder as has seldom disgraced the country. Failure to punish the murderers invited other violent activity, centering largely around the liquor traffic. Public authority and court procedure were further weakened. Private feuds were strengthened. Ideas of justice became still more primitive among a large class of citizens. The most recent developments which happen to be classified under the names of Klan and Anti-Klan, seem to indicate a still greater deterioration of American standards of citizenship. Murder in Herrin has become a common thing—as common as failure to punish murder, except by the ancient feud method.

There is sometimes a rude justice in this sort of thing, but specific cases usually fall far short of justice, and on the whole it is a flagrant denial of justice as that virtue is known in civilized countries. It is new proof that only through law and order procedure, upheld by the general sentiment of the community and enforced to the bitter end, can individuals and classes hope to enjoy their rights. Even the Herrin feudists must be beginning to realize that their only salvation lies not in defying public authority but in upholding it.

JOHN F. HILL GRANGE

Interesting Meeting Follows Circle Supper

John F. Hill Grange of Eliot held its regular meeting at Grange hall in that town on Monday evening. The routine business was transacted and during the lecturer's hour Rev. Mr. Welch, pastor of the Methodist church, gave an interesting stereoscopic lecture on the Yellowstone National park.

Previous to the grange meeting the circle of the order served a bounteous supper in the lower hall, the menu being baked beans, salads, rolls, pickles, sliced cucumbers, assorted cake and coffee. Forty or more partook of the repast and enjoyed the menu and the sociability of the supper hour.

BEAUTY CONTEST

Eliot Grange Plans Unique Gathering

A baby show, beauty contest and sale will be given by John F. Hill Grange of Eliot at Grange hall in that town on Sept. 30. A number of granges will select a member to enter the beauty contest and the young girl who is voted the prettiest among the contestants will receive an award. A baby show will be held on that afternoon and it is expected a good number of little ones will be present.

WILL ELECT CHAIRMAN THURSDAY EVENING

Democrats Much Interested in New Head of City Committee

The Democrats are taking unusual interest in the matter of chairman of the City Committee. A meeting for that purpose has been called for Thursday night in the Rockingham County Court house. Among those who are getting considerable mention are George P. Smallwood, James W. Barrett, Samuel W. Emery, John Hafford, Dr. S. T. Ladd and Clarence F. Pearson the present secretary and Fred E. Hasty the present vice chairman.

Mrs. Herbert Wyman and daughter, Miss Enid, and Percy Annis of Hampton recently completed a 2,170 mile motor trip to Michigan and return in nine and a half days.

NEWS OF THE NAVY AND NAVY YARDS

Camden and Subs Coming

The U. S. S. Camden and several ships of submarine division 4 will return to the local yard the last of September to remain for a month or so. Some work not completed on the subs when last here will be finished during this period.

Pay Clerk for Commissary

Pay Clerk Frank P. Davis of the marine transport Henderson will report shortly for duty in the yard commissary store.

Taylor to be in Command

Lieut. W. F. Taylor will be in command of the crew of the V-1 that leave on Thursday for ten days practice at the Wakefield rifle range.

To Shift Cruiser

In order that some heavy machinery may be loaded onto the cruiser Huntington by the yard locomotive crane on Thursday, the cruiser will be moved from her present berth to berth 6 near the cooling plant tomorrow.

The tugs James Woolley, M. Mitchell Davis and the Lighter will make the shift.

Docking Orders

The Patuxent and two oil barges came out of dry dock today at 9.30 a. m. and the submarine V-1 was docked at 10.30 a. m.

Navy Yard

Hazing Causes Suicide

The navy department is investigating the suicide of Seaman Beord of the U. S. S. Auxiliary cruiser Ontonagon, which became known just as the ship sailed from Newport for Hampton Roads. Beord's comrades claim that he became depressed as the result of excessive hazing and had jumped overboard at night.

SCHOOL BOARD HAS LENGTHY MEETING

The regular meeting of the Board of Instruction held last evening was called to order at 7.30 with Mayor Dexter presiding.

The following members were present: Messrs. Goodman, Newick, Payser, Seybolt, Sherburne, Thayer, Toner and Mrs. Wood, Mrs. Gray and Miss Pickering.

The following committee reports were presented:

For the high school by Dr. Thayer, chairman.—The committee on high schools reports the resignation of the following teachers during the summer: G. H. Billingham, Lena E. Bliss, Ada E. Kennan, Fred T. Jordan, Ruth E. Mosher. From the Junior high school, Walter I. Piper, Amelia Carrier Louise Wight, Alice J. Newton.

The committee recommends that the request of Ruth E. Mosher for release from her contract be granted as she wishes to accept a position in the Technical high school of Springfield.

These teachers are recommended for election:

Mechanical Drawing—William Bettecourt, Fairhaven, Mass., graduate of Lloyd Training School of Boston, 1923.

French—Marion Flagg Maynard, Mass., graduate of Wellesley 1920; Middlebury College Summer School 1923; four years experience in New Hampshire, Massachusetts and Vermont.

Mathematics, Head of Department—Marion Sanders, Dover, N. H., graduate of Bates 1920; summer courses in Keene and N. H. University; four years experience in Somersworth, N. H. and Lewiston, Maine.

Mathematics and Director of Athletics—Albion R. Rice, Lubec, Maine; graduate of Bates 1921; taught one year in Gardiner, Me., high two years in Eastport, high.

Junior high school, Manual Training—Gleason E. Heath, Keene, N. H., graduate of three year course Keene Normal, 1924; one year supervised teaching Hinsdale Junior high school.

Haven grade seven—Ellen J. Mahany, Easton, Maine, graduate Brooks Normal 1917; summer courses at Castine and Cumberland; helping teacher in Maine rural schools, one year in Jacksonville, Fla.

History—Ruth Densmore, Stoneham, Mass., Boston University 1923, graduate work, B. U. 1924.

English—Florence D. McHugh, Amesbury, Mass., Fitchburg Normal 1918, five years experience in New Hampshire and Massachusetts schools; one year in California.

For the Elementary Schools by Mr. Newick, chairman:

The committee on Elementary Schools recommends the election of the following teachers:

Lafayette 6—Olive Hanscom, Berwick, Maine; three summer sessions at Plymouth; nine years experience in Berwick, New Hampton and Rollinsford.

Haven Special, Grades 2-3—Vesta T. Ancoino, Portsmouth Training School 1919, Mrs. Ancoino has substituted in Farragut and Haven schools.

Drawing Supervisor—Viola A. Marsh Cambridge, Mass., graduate of Lowell Normal 1922 and Mass. Normal Arts 1924; six months supervised teaching.

Miss Mary Coakley has been transferred from the Farragut 5th grade to the Lafayette 5-6, Miss Nina Trueman from the Atlantic Heights to Haven 5th and Miss Mary Leary will teach Atlantic Heights primary school.

For the Training School by Mrs. Gray.

The committee on training school recommends the election of the following teachers for the school year 1924-1925:

Grade 6—Phyllis Sugden Frink, Portsmouth Training school 1915; has taught in New Franklin and Farragut Model and Critic Teacher, grades 1-2—Julia F. Butler, Portsmouth Training School, 1917, has taught seven years in the Farragut school.

The superintendent in presenting his report stated that Miss Lucie Gray would be unable to return to her work for a protracted period; that Miss Alice J. Newton after forty-four years service had given her resignation on account of ill health; that Miss Ida Rosa would be unable to teach this year on account of sickness.

The enrollment on September 9 showed a total of 2340, an increase of 31 over last year. The second day's enrollment in the high school is 711.

One of the most hopeful signs is the large enrollment in the Training school. The ten members of the senior class passed the examination without a failure in any case. Miss Kathryn Riley received an average rank of 92.

An unusual distinction for any one taking these examinations. The junior class has a total of 17, the large majority of whom are graduates of the Portsmouth high school.

Voted that the superintendent be directed to open the kindergarten at Atlantic Heights and secure a teacher for the same.

The teachers recommended by the

several committees were unanimously elected by ballot.

The following were admitted to the Training School: Dorothy Batchelder, Ethel Browne, Catherine Butler, Anna Clair, Anna Coakley, Jessie Drysdale, Gertrude Gilpatrick, Annie Johnson, Martha Longman, Mary MacKenzie, Muriel G. Morton, Mary Pendergast, Evelyn Philbrick, Winnie Pinkham, Leila Sanborn, Ellen F. Standish, Valma Wendell.

Voted that Dr. Thayer and the Superintendent constitute a committee to send a letter of appreciation to Miss Alice Newton in recognition of her long faithful service.

The superintendent presented a tentative calendar for consideration of the board.

ENTERING CLASS OF SEVENTEEN

Ports. Training School Opens With Increased Number of Students

The Portsmouth Training school opened on Monday with an entering class of 17 and there are 10 members in the senior class, making 27 training for teachers, a fact which gives evidence of the good work being done at the school, under the direction of Miss Alice Mild, the principal.

The names of the entering class follow: Mary L. Pendergast, Catherine M. Butler, Winnie deR. Pinkham, Anna Y. Coakley, Mary MacKenzie, Annie E. Johnson, Valma C. Wendell, Martha M. Longman, Anna E. Clair, Ethel C. Browne and Muriel G. Morton of this city; Ellen S. Standish, Kittery; Dorothy E. Batchelder, Hampton; Jessie D. Drysdale, Evelyn A. Philbrick, North Hampton; Leila M. Sanborn and Gertrude C. Gilpatrick, South Berwick.

At the end of the school year in June the ten members of the junior class of the training school took the state examination for teachers and all passed, while Miss Kathryn Riley passed with honors, having an average of 92 per cent. To have not a failure in a class is unusual and speaks well for the fine work being done at the Portsmouth Training school.

ADD ENTERING

It is also worthy of note that among 580 who took the Boston examinations for teachers last winter 10 passed and among the successful ones were three graduates of the Portsmouth Training school, the Misses Elizabeth Byrne, Anna Byrne and Dora Cohen. Miss Evelyn Toner, a former teacher at the Farragut school, but not a graduate of the local training school, also successfully passed the Boston examination at the same time. Two of the local teachers have accepted position in the schools of Greater Boston and the two others are considering positions in that city.

AT WENTWORTH FOR CONVENTION

The members of the New England Division, National Electric Light association and their families are gathered at the Hotel Wentworth today for their annual convention. The program opens with a banquet tonight with covers set for 500 diners.

Mayor Orel A. Dexter will give an address of welcome followed by an address by Past President Samuel Ferguson of Hartford, Ct. A report of the general committee will be read on accidents, prevention, insurance, rural electric service, taxation and education. Addresses are also expected from President Franklin T. Griffith of the National association of Portland, Ore., and managing director M. H. Allsworth of the National association.

Tomorrow morning the business session will open at 10 o'clock. The ladies will make pilgrimages to the historical points in and around Portsmouth during the forenoon. H. W. Randall of this city is chairman of the hotel committee.

PREPARING FOR OUTING

Local Elks are planning a big time at their annual outing next Wednesday, Sept. 17, at Rand's Grove. The committee in charge hopes to make the 36th annual the biggest in history. The Portsmouth City Band will accompany the members. The annual ball game between the Married Men and Single Men will be one of the features, along with field sports, in which suitable prizes will be awarded.

Special electric cars will leave Market Square at 12.30 o'clock. The big eats will be served at 3 p. m. A light lunch will be in order on the arrival of the members. A pleasant day is all that is necessary to make the day a complete success.

"There Is So Much More Room In This Glenwood Oven"

When baking day comes round you'll always appreciate the big roomy oven of a Glenwood range. Here's the Model "C," for instance. Its oven is wide and deep with plenty of space to adjust the sliding rack at different heights. The corners are four-square, allowing you the full width of the oven bottom for anything that needs to be baked very slowly and thoroughly.

The indicator on the door tells you just how hot to keep your fire for cakes, pies, roasts and biscuits. May we show you this range, some day soon?

Model "C" For Coal or Wood

Finished in pearl-gray porcelain enamel or in plain black. To furnish plenty of hot water we can equip this range with either a water front for urban districts or a special reservoir for rural homes.

Glenwood Ranges Make Cooking Easy

KITTERY NEWS

Kittery, Sept. 10.—Harold Grace and family of Pleasant St., have been recent visitors to Ipswich.

Mrs. Charles Gerry and daughter Mildred of Love Lane have returned home after being the guests of relatives in Springvale, Me., for a few days.

Hollis Cole of Government street

has concluded his duties at the local yard and will soon enter Boston University to study law.

Miss Anna Hubbard of the Intervene is having her annual vacation from her duties at the postoffice.

Mrs. Edward E. Shapleigh and daughters Ruth and Elizabeth of Otis Ave., who have been guests of her parents at Groveton, N. H., have returned home.

Regular meeting of York Rebekah Lodge No. 3 on Thursday evening. Children's night will be observed from 5 to 7 o'clock.

Samuel Seward has recently purchased a house and land from Raymond McCabe at Remick's Corner, and has moved his family there after residing on Rogers road for several years.

Charles B. Shackleton, U. S. N., and wife now of Gloucester will arrive in Kittery in October to reside as Mr. Shackleton is to be stationed again at this navy yard. They have many friends here who will be glad to welcome them back.

George Patch, the mail carrier who was recently struck by lightning, is now able to go out of doors and received hearty greetings from his many friends in Portsmouth and Kittery. He will soon resume his route.

E. E. Shapleigh of Otis Ave., has resumed his duties at the local yard after a vacation.

Mr. and Mrs. Fred Hoyte of Pleasant St. are to pass the winter in the south leaving for there in October.

Wallace Main and family of State road who have been enjoying an auto camping trip in Vermont have returned home.

Joseph Brackett has taken employment at the Pan-Am filling station at Badger's Island.

The Ladies Circle of the Christian church will meet on Thursday afternoon at 2 o'clock at the home of Mrs. George Burnham, Woodlawn Ave.

Pomona Grange hold their next meeting at Eliot, Sept. 11, this being so near home, many local grangers

will be able to attend. A silver collection will be taken for the Grange Educational fund which is helping many boys and girls through college. The American Legion are giving the Boy Scouts a field day at Sea Point this coming Saturday.

On Saturday last 5300 automobiles stopped for gas at the new filling station at Badger's Island.

Traip Academy opened on Monday with an enrollment of 163 students, the largest in the history of the school. The freshman class numbers 54. A new program in the course of studies were explained to the students, several changes having been made over the previous one, the schedule going into effect the first day, text books being issued as far as possible. The teaching faculty is composed of six instructors, one more than last year.

Come and join the Project Group which will meet at 7.30 tonight at the Second Christian church to study one of the most interesting dramas of the Bible, the book of Job. This first meeting of the series will consist of an introduction to the book and a presentation of the leading characters by Miss Marjorie Everingham. Do not fail to attend this first meeting of the Project Group.

Mr. and Mrs. Charles L. Catlin and son Harry of Stimson street have returned from a visit to their daughter, Mrs. Charles L. Wanzel of Danbury, Conn.

THE HERALD HEARS

That the new fire apparatus had its first tryout on Tuesday and worked fine.

That Portsmouth will see plenty of second hand autos on the market soon.

That Walter Cox one of the best known men on the American horse racing tracks, was 56 years old on Monday. He is a native of Epsom, N. H.

That Portsmouth had the heaviest shower of the season between 3 and 4.30 this morning.

That Douglas Kennedy a New York taxi driver found a pocketbook in the rear seat of his car which contained \$5,500 in cash.

That it belonged to Mrs. Gladys Read who he had just left at a hotel.

That he returned it at once to the woman's male companion and received \$10.

That this is one reason why many lost purses never come back.

That another ladies hairdressing and manicure parlor will shortly open on Congress street in the Knight block.

That the two permanent police officers at Hampton, Chief Harry Munsey, Republican, and Wm. Lamphrey, Democrat, are candidates for the New Hampshire legislature.

That the rules about garbage are still being violated.

That those who are inclined to obey the rules will have no reason to complain if collections are not made at their homes.

That the superintendent of public works insists that garbage be put in separate receptacles and the same regarding ashes and rubbish.

That the rain and leaves plugged up quite a few sewer raps about the city today.

That repairs have been made on one of the boilers at the Sherburne Springs pumping station.

That three coasting schooners, two with lumber and the third light, put in the lower harbor during the storm.

That the Democrats at Eliot seem to have taken to the woods on election day.

That the city will have hard work to dispose of the old steam fire engines, even as junk.

That five of them were sold a while ago in Boston and the price paid is said to be \$25 for each.

ARRANGING FINE BOXING SHOW

Rockingham A. C. has a boxing show scheduled for Friday, September 19. The Matchmaker of the Rockingham A. C. is hard at work arranging a fist menu that will be most attractive to the fans. In the main bout Young Desautel of Dover who has put on many good shows here will meet Johnny Drew of Biddeford a fast and flashy fighter who claims to be able to put Desautel away in short order. With this pair as the main attraction and other good bouts pending the fans are due another treat September 19th.

A Dress Topcoat

\$25.00 to \$45.00

ONE of the smartest topcoat models ever contrived is the one pictured here. It's for the man of very dressy inclinations—a far cry from the sport models; yet characterful in its lines, draping and distinctiveness in patterning and weaving. Most of them are silk lined.

Genuine Knit-tex Top Coats \$30.00

F. W. LYDSTON & CO.

KITTERY POINT

Kittery Point, Sept. 10.—The Parent Teachers association of the Mitchell-Safford schools will meet at the Mitchell school Friday evening, September 12. Election of officers and business will take place.

The W. C. T. U. will meet with Mrs. Charles Patey on Thursday afternoon. Mr. and Mrs. John M. Howells and sons William and John who spent the summer abroad have returned and arrived at their summer home here today.

Miss Alta Adams is teaching school at the Shapleigh school in North Kittery this fall.

Mrs. Annie Moulton who is quite ill at her mother's home, Mrs. N. E.

Emery, remains about the same.

Miss Ethel McDonald of New York City is visiting Mr. and Mrs. Edwin Sanders for a few weeks.

Miss Clark of Lebanon, N. H., who is teaching at the Safford school, is stopping at the home of Mrs. Edward Johnson.

Mrs. Clarence Hackney and two children have returned home from a visit with relatives in Eliot the past week.

HOSPITAL GUILD

The Portsmouth Hospital Guild will hold its monthly meeting on Friday, Sept. 12, at the summer home of Mrs. James Whalley at Hampton Beach. Members will bring basket lunches and coffee will be served at noon.

Attractive House For Sale

The modern home of the late Martha H. Towle, 272 Highland Street, will be sold at Public auction at 10 o'clock A. M., Tuesday, September 16, 1924, at the premises. Included with the house is combination gas and coal range, gas heater, fire place screen, piazza curtains, etc. The house is fully screened and modern in every particular.

GEO. A. WOOD, Executor,
Estate of Martha H. Towle

National Cathedral A Tenth Done; Masterpiece Of Gothic Architecture

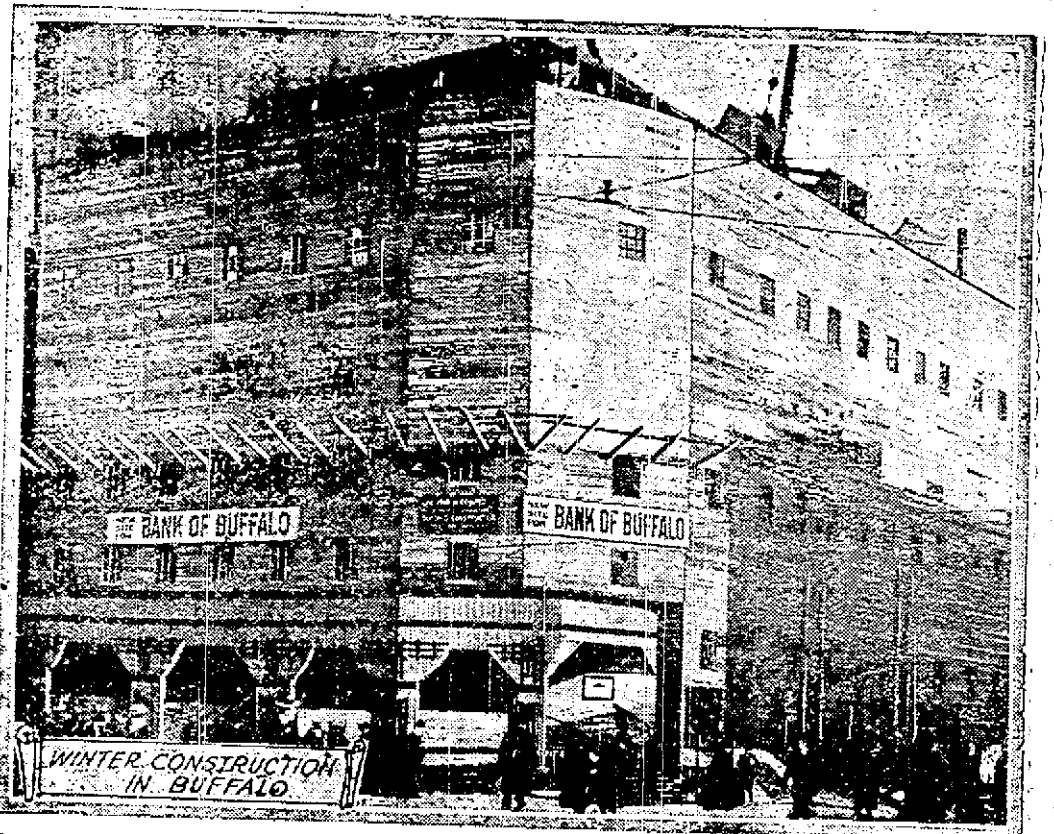

RISING on Mt. St. Alban, 400 feet above Washington, D. C., the National Cathedral will dominate the skyline of the capital when it is completed five years hence. It is now one tenth completed. Workmen are shown at work on the vaulting of the choir aisle. Farther down are sculptors working on the carving for this monument, in which Woodrow Wilson lies buried.

Different forms of cathedral architecture developed out of the problem of how to support a stone roof. Romanesque architects solved it by massive

walls. Gothic master builders distributed the loads by intersecting ribs in the vaulting so they were supported primarily by flying buttresses outside the walls. This allows a maximum number of windows. When the first Gothic churches were built, the buttresses were covered over. When the beauty of their lines and towers were appreciated, craftsmen labored lovingly to make them perfect in every detail and to symbolize growth and life. The National Cathedral is expected to be one of the most beautiful pieces of Gothic architecture in the world and will also rank among the largest.

Building Experts Urge Year 'Round Activity of Construction Industries

"For most types of construction it is now possible to build the year round in all parts of the United States." This is the conclusion reached by a committee on Seasonal Operation in the Construction Industries, appointed by Herbert Hoover, Secretary of Commerce, which has just completed what is described as "the first national effort to examine the causes of the seasonal ups and downs in a group of industries employing millions of men, the value of whose products is more than five billion dollars a year."

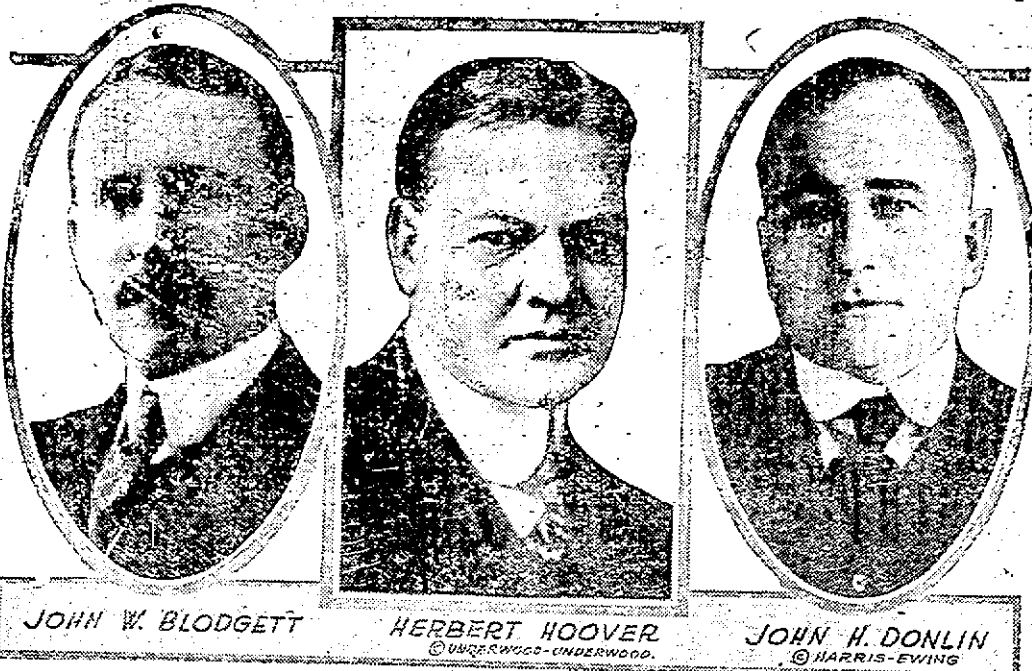

The committee points out that it is not reasonable to crowd all the year's building into the five or six months of spring and summer. Carpenters, masons, painters, plasterers, electricians, plumbers and other artisans who are engaged in the building trades have to live the year round although they are

ordinarily out of work three months in the average year. "Construction costs are high in part," the committee found, "because of the seasonal hazard which affects each step of the construction process from felling timber, quarrying rock, manufacturing brick, cement, tile, plaster and other commodities, transporting these materials by railway, waterway and highway, distributing them through retail supply dealers, clearing of site and excavating, to the completion and furnishing of the finished building. Idle time represents waste and direct loss to the construction industries, the workers and the public."

Custom, not climate, is mainly responsible for seasonal idleness in the building trades. The committee's survey shows that seasonal slumps are not confined to

regions where climate is severe. Cities in the South and on the Pacific Coast are affected much like those on the Canadian border. As an argument for building in the "off-season," the committee's report says: "The man who builds a home for himself wants to get the best possible house for his money. He is more vitally concerned in having his work performed economically than any other class of owners, but in all too many cases he follows the crowd and not only pays extra for the privilege but has to put up with a slower and less satisfactory job. The man who builds a house serves his own and the public interest best by starting work at the right time. The right time usually means when other customers are not rushing into the field."

Hoover Committee Offers Plan To Stabilize Employment and Lower Costs in Building Industry

JOHN W. BLODGETT

HERBERT HOOVER

JOHN H. DONLIN

The old belief that winter is a bad time to build seems to be giving way in the face of newer construction methods. One large construction company in New York City, carrying on year round operations, has figured out that in ten years it has lost an average of only fourteen days each winter because of weather conditions.

Weather conditions vary from year to year, but in a ten-year period the average number of days in which the temperature fell below freezing any time during the working hours in New York was only 62 per year. The cold winter of 1919-1920 had 82 such days, but the following winter there were only 38.

The above figures are given in a report issued by the Committee on Seasonal Operation in the Construction Industries, appointed by Secretary Hoover of the Department of Commerce as a result of the President's Conference on Unemployment, formed in 1921 to

stimulate employment, to eliminate waste and to reduce costs.

The committee decided that idle time, amounting on an average to about 25 per cent among all the building workers of the country, represents waste and direct losses to the construction industries, the workers and the public, and that such losses as are due to seasonal ups and downs in the construction industries are undoubtedly preventable.

In support of its thesis that custom not climate is mainly responsible for these fluctuations, the committee points out that seasonal unemployment in construction is not confined to the states where the climate is severe, but affects cities in the South and on the Pacific Coast in much the same way that it affects those on the Canadian border.

The art of construction has advanced to such a point that the effect of bad weather on building operations has been greatly re-

duced," the report states. "There is today much less manual labor on the job than formerly; a greater proportion of the work is done in factories by power machinery, which is less affected by the elements than hard labor. Steel and concrete construction, with certain safeguards, can go forward at low temperatures. Methods of winter construction developed by leading contractors should now be greatly extended. Winter work is being done in some cases more cheaply than summer work."

The committee includes in its membership John W. Blodgett, president of the National Lumber Manufacturers Association, and John Donlin, president of the Building Trades Department of the American Federation of Labor, together with prominent representatives of contracting firms, banking interests, real estate associations, architects, engineers and others.

New Fall Suit

HERE is one of the new suits for fall. Notice the cut of the skirt—circular in front and plain in the back and sides. Instead of the regulation revers the coat is finished with a scarf of the same material, lined with white flannel. White buttons trim the coat on both sides, and the lining is of white.

Tennis Rivals for Helen Wills

California comes to the front with two more girl tennis stars who give promise of rivalling career of Champion Helen Wills.

Oust Pugnacious Solon

Copyright, Harris & Ewing
Senator Joe T. Robinson of Arkansas (lower left), who didn't come so far from being nominated president of the United States on the Democratic ticket, was expelled from the highly exclusive, aristocratic Chevy Chase Country Club of Washington, D. C., because he hit a fellow member in the eye in a quarrel over a golf game. The fellow member was Dr. James F. Mitchell, noted Washington surgeon (lower right). Above is the headquarters of the Chevy Chase Club.

Some Difference in Ages!

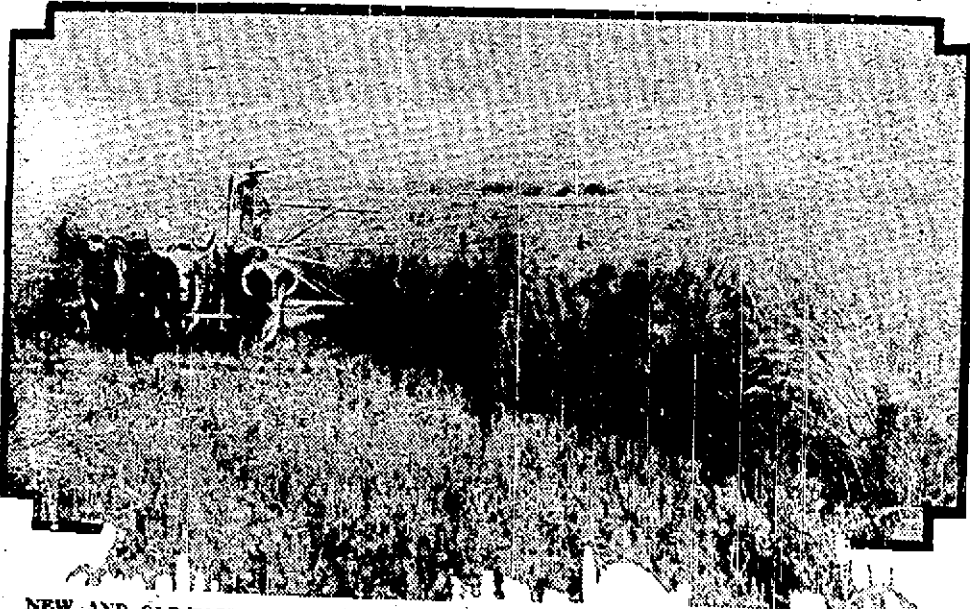

For a rare combination of ages, just turn to the J. F. Collins' family of Abilene, Tex. Papa Collins is 63, Mamma is 17, and Doris Maye, their daughter, is just four months. Collins' wife was just 17 when they were married.

Auto Washing Machine, Latest

Here's a keep clean tip for tourists! It comes from E. G. Epeneter, Omaha, Neb. As he sits at the wheel of his auto rambling along the highway behind with the spare tire his linens are being splashed freely by the motion of the car. Epeneter is shown getting his daily wash ready.

NEW AND OLD-FASHIONED METHODS of harvesting are combined on this farm near Edmonton, Alberta. Here three oxen are shown in the blader. Bumper crops are being reported by Canadian farmers this year.

FOR SALE BY Harry I. Caswell

(Caswell Agency)
9 Congress Street. Telephone 481-W

Pleasant St.—\$2700

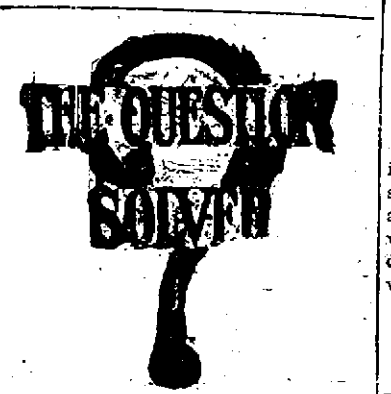

7 rooms, a small room containing lavatory and toilet, gas lights, small shed, good yard room. To settle estate the price is \$2700.

Austin St.—\$2300

6 rooms, electric lights, lavatory and toilet, large lot. Suitable for small store business.

Hanover St.—\$4500

This is a double house with seven rooms each side, corner Hanover and Parker streets. Thoroughly renovated inside and out. One side has heat, bath, electric lights, gas. Other side has electric lights, gas, toilet. Can be occupied immediately. Rent from one side covers most of overhead expenses.

One of the many features of our Welding Service is that of Metal Cutting. With our Oxygen-Acetylene Torch we can quickly cut structural metal, boilers, iron doors and reduce heavy large junk pieces to small sizes. The service is very moderate in cost and often saves days of hard labor. Welding in all its branches also.

ONE KILLED IN TRAIN WRECK

(By Associated Press)
Tucson, Arizona, Sept. 9.—Fireman George Ward of Tucson was killed when the Sunset Limited, No. 102, the Southern Pacific crack eastbound passenger train went into a ditch one mile west of Boon near here late last night. Other members of the crew and all passengers escaped unhurt. The locomotive baggage car and mail car plunged into a ditch and every coach on the train was derailed. Wrecking crews are enroute from Phoenix and Tucson.

THIEVES ENTER POSTOFFICE

(By Associated Press)
Bristolboro, Vt., Sept. 9.—Two safes in the post office were blown open and stamps to the value of several thousand dollars stolen. The burglary, obviously the work of professionals, was discovered when Postmaster Daniels went to the office at 5:30 this morning.

SURPRISE PARTY Farewell Gathering Given to John F. Sheehan

A surprise party was given John F. Sheehan Monday evening at the Knights of Columbus Home on Telling street when friends and former schoolmates at the local high school to the number of forty gathered there to give him a farewell gathering before his leaving home to enter the University of New Hampshire. The young man was asked to meet a friend at the home and upon his arrival there was greeted by the assembled company. He was taken completely by surprise but after being told all had gathered to give him a hearty send-off he entered into the spirit of the occasion with the rest and a most enjoyable evening was passed with games and dancing. A pleasing incident of the evening was the presentation of a gold fountain pen and a silver pencil to the young host by Walter Robinson in behalf of the assembled company. Refreshments of ice cream and assorted cake were served and it was nearly midnight when the gathering ended. The best of wishes were extended to the young host who is very popular with his friends, and who leaves tomorrow for Durham.

FIELD MEETING

Mrs. Alkon Delegate From
Grafton Club to State
Gathering at Hanover

The Grafton Club has chosen Mrs. Pauline Alkon as delegate to attend the 29th annual field meeting of the New Hampshire Federation of Women's Clubs to be held at Hanover on Wednesday and Thursday, Sept. 10 and 11. The speaker on the first day will be Mrs. Frances Parkinson Keyes, who will talk on Porto Rico and Hon.

Portsmouth Baptist Association to Meet in
Brentwood

ANNUAL MEETING
The Portsmouth Baptist Association will hold its annual meeting next Tuesday in Brentwood. Rev. Dr. Lake, pastor of the Middle Street Baptist church, Mrs. Lake and a party of parishioners will be present at the gathering. Rev. Dr. Lake will preach the annual sermon, his theme being "Christ and the Resurrection." Miss Helen Weaver, who has recently come to New Hampshire as a worker with the Sunday school and young peoples' societies, will speak in the afternoon. Dr. John L. Cummings, a returned missionary from Burma, will speak in the evening.

SLAYER KILLED AS POLICE HUNT

New York Sept. 9.—A pine box labeled "No. 484" in the Bellevue hospital morgue held the slayer of 18-year-old Margaret Guica and her husband, Carmello, whose bullet-riddled bodies were found at dawn in their dingy little Bowery home.

In the pine box was the body of Giuseppe Gandolfo, the bride's father, who had been killed by an automobile several hours before detectives, learning of the dual murder, had scattered in search of him as the slayer.

The police said he apparently fled from the crime directly into the path of an automobile. While the hunt for him was on his body lay in the morgue unidentified.

External jealousy is believed to have driven Gandolfo to shoot his daughter and her husband after they returned following their elopement to Hartford, Conn., where they were married contrary to his wishes.

ANNUAL OFFERTORY

York Hospital Receives Gift
of \$800 From Attendants at St. Peter's Church

The annual offertory for the York Hospital was taken at St. Peter's Episcopal church, York Cliffs, on Sunday morning and amounted to \$800. St. Peter's is a summer church and attended by many summer residents and guests in the vicinity of York. It will close for the season next Sunday.

withdrawal of R. D. McDonough, club champion for several years, they were tied for eighth.

Second Division—Thomas Quinn vs. Harry Bailey; D. L. Long vs. Dr. F. Feuerhan; Harold Beacham vs. J. P. H. Chandler; John Scammon Jr. vs. loser of Roby-Carthy match.

Third division—Austin Googins vs. Alvin Redden; Charles Peabody vs. J. Fletcher; J. Sussman vs. Lieut. Bates; J. Marden vs. Albert Hislop.

NO EXCHANGE OF VIEWS

(By Associated Press)
London, Sept. 9.—Contrary to reports which found their way into print today there has been no exchange of British and American views on the Chinese situation with a view to concerted action by the powers in attempting to end the civil war, it was stated today by Frederick L. Sterling, counselor of the American embassy who is in charge of the embassy during Ambassador Kellogg's vacation in Scotland.

DOVER MAN, 89, NOW NOBLE OF BEKTAISH

Dover, Sept. 9.—Probably the oldest man in this part of the country to become a Noble of the Mystic Shrine is John Seales of this city, veteran editor and historian, who, though approaching his 89th birthday, was one of the liveliest and most enthusiastic candidates at the elaborate ceremonial session of Bektaish Temple, Friday night. Mr. Seales will be 89 Oct. 6.

Whatever fun there is in Masonry, the veteran says he is for it. That is why he joins the various branches of the Masonic order, with which he became affiliated comparatively late in life. He is the oldest member of Moses Paul Lodge, A. F. & A. M., of this city, but not the oldest in years of membership. He never misses a meeting, and always goes with St. Paul Commandery on its pilgrimages and holiday trips.

Native of Nottingham, descended from distinguished forebears, Mr. Seales was a teacher in his younger days. He taught in the old Franklin Academy here many years. Later, he became editor of the Dover Enquirer and the Dover Daily Republican. He is an authority on local history and a member of the Northern Colonists, a local historical society. He has published many historical sketches and is the compiler of a recent history of Strafford County, and the History of Dover, which was brought out during the tercentenary last year.

To a Lady

Who refuses to use clay

Edna Wallace Hopper
A lady writes me that my beauty helps have brought her wonderful results, but she adds, "It is too much trouble to use clay."

"Too much trouble!" In my stage work and in these efforts to help women I work 15 hours a day. Yet I would rather miss three meals than miss my clay.

Too much trouble! Yet see what clay has done for me. Mine is a grandmother's age yet I enjoy a debutante's complexion.

Let me send you a test of my White Youth Clay. It is not like the crude and muddy clays so many have employed. It is white, refined and dainty—the last word in facial clays and it combines in one product many superlative helps.

My Youth Clay purges the skin of all that clogs and mars it. It removes the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy after glow which amazes and delights. It firms the skin, combats lines and wrinkles, reduces enlarged pores, eliminates surplus oil.

Many women seem to drop ten years with one application of this clay. To countless women it is bringing priceless benefits—new beauty and new youth. Are such results not worth to you a few minutes twice a week?

Clay is a beauty essential. Famous beauties have for ages used it. No woman can hope to look her best without it or to keep her youth as I have. You can recognize clay users in every circle by their beautiful complexions.

Mine is a super clay—a new type clay based on twenty years of scientific study. I have placed it with all drug stores, all toilet counters, so you can get it. The cost is 50c and \$1. You will thank me for it—always—when you learn what it means to you.

I will gladly mail sample if you mail this coupon.

AMERICANS BREAK ALL RECORDS FOR TRAVELING IN EUROPE

Paris.—Although French business circles were disappointed with the Olympic Games because they failed to attract the great foreign crowds anticipated, the fact remains that this season is breaking all records for tourist travel. The American invasion is remarkable, and in addition the British Isles and South American countries are contributing big quotas.

It is estimated that American tourists will spend \$300,000,000 in Europe this season. The apex of travel has been reached, but the number of late arrivals is astonishingly high, and business from foreigners will boom well into the autumn months.

The increase in American tourist business is told of by H. K. Brooks, vice president of the American Express Company. Last year the amount dealt in by the company in purely tourist business for Europe was 2,225,000,000 francs, whereas this year it is anticipated that the amount will reach nearly three billions. His estimates, without including passage money, that Americans dealing with the company alone will spend here well over a billion francs in Europe. He points out that this has been a factor in the recent rise of European currencies.

Americans have been spending most of their time in France and Switzerland, with passing visits to England. Only a small minority has gone to Germany this year, probably as a result of the unpleasant treatment accorded Americans there last year. The most accurate figures possible place the number of American tourists that booked passage this year at 500,000, which is a big increase over the corresponding period of last year.

It is calculated by tourist agencies that most Americans spend from about \$300 francs to amounts running into scores of thousands. The richer visitors in many cases spend hundreds of thousands of francs. On an average bankers and shipping agents calculate how much French business depends upon American patronage.

British tourist travel has been increasing ever since the war and this class is represented chiefly by heavy spenders. Argentine and other South American countries who never pass up France, and usually visit Belgium, Italy and Spain.

Owing largely to the enthusiasm of the French press, Paris anticipated an overwhelming rush during the games, an influx that would swamp the hotels and create a heavy demand for accommodations in pensions and private homes. Preparations were made to receive this trade, but the business never materialized. The hotels were quite capable of handling all business, and although they were about crowded, the overflow was never seriously noticeable.

Furthermore, it quickly became apparent that tourists were not greatly interested in the games. The travelers and pleasure seekers were largely content to read the scores in the news papers and reserve their time for the bigger idea of seeing France. In this way, the limited season of the games proper was somewhat of a disappointment, but fortunately the year has been remarkable for tourist travel, and shop keepers and business houses are which is a big increase over the corresponding period of last year.

DEPOSITIONS ARE TAKEN FOR BIG LAW SUIT

Rochester, Sept. 9.—Taking of depositions in the case of George B. Wallace of Lynn, Mass., executor of the estate of Edwin Wallace, in his suit for \$500,000 against Mrs. Alice M. Wallace, executrix of the estate of Sumner C. Wallace, Portsmouth, George P. Furber, executor of the estate of Albert Wallace and the Rochester Trust Company, have been finished.

Judge James W. Remick and Attorney Robert C. Murchie of Concord, representing Mr. Wallace, took depositions in the office of the Rochester Trust Company, from John L. Copp, cashier and former cashier of the Rochester Loan and Banking Company, George P. Furber, Mrs. Carrie Hanson, daughter of the late Roger Wallace and ex-Mayor Robert V. Sweet.

The case is set for trial in the United States circuit court in Lincoln next month, but may be tried in Concord. In bringing the suit, Mr. Wallace alleges that he never received his proper share of undivided property in the settlement of the affairs of his father and heirs.

Mrs. Alice M. Wallace recently figured in a suit in the Massachusetts courts, Mrs. Laura Bradstreet being awarded a verdict against her of \$26,000 in her suit for \$250,000 in which she alleged alienation of her husband's affections.

The firm of E. G. & E. Wallace was formed in 1875 by Ebenezer G. and Edwin Wallace, twin brothers. George Wallace was the son of Edwin and Albert and Sumner sons of Ebenezer. Ebenezer died first and Albert and Sumner were co-executors of the will. These two and Edwin conducted the business. On Edwin's death, the business was taken over by Albert, Sumner and George. In 1909 Albert and Sumner bought George's interest. After the death of Albert, Sumner Wallace conducted the business, which was later disposed of to a syndicate of Massachusetts shoe men headed by John Emerson. Sumner Wallace died Jan. 11, 1923, while on a southern trip, leaving an estate valued at \$2,000,000 and his widow, Alice M. Wallace, as executrix.

George Wallace had a stable of fast stopping horses which he carried on the New England circuit. He was a familiar figure at the Waldorf in New York, the Plaza in London in Florida and other noted resorts. His home, facing the Common in this city, was furnished with an elaboration second to that of no residence in New Hampshire with exception of art on the walls obtained by a special order on a visit to the old world.

George was said by his father and his sons for the amount left them by Edwin Wallace and the trial in Boston was a sensational one. After one day's work of the jury a settlement was made. A former divorcee, who brought a suit and got judgment for increased alimony and George was adjudged in contempt of court in connection with not obeying a decree in the case. Finally he left the city and state and has not been here for years. His beautiful residence was dismantled, the furniture and other treasures being sold at auction.

The house itself is now the St. Charles Orphanage.

LAKE STEAMER BADLY DAMAGED

(By Associated Press)

Holland, Mich., Sept. 9.—The steamship South America, one of the finest passenger boats on the Great Lakes, virtually was destroyed by a fire which broke out early this morning while the boat was in dry dock for the winter. The crew of 16 negroes who had been cleaning the boat escaped. The cause of the fire which started amidships was undetermined.

To free his body from poisons Harry M. Manley, an attorney of Proctor, D. I., fasted for 30 days. He kept up his work and suffered no serious effects, but lost 33 pounds in weight. The loss he said, was just poisonous, fatty tissues. That ought to interest fat men everywhere.

A MILLION NEWS IN TEN DAYS

Tuesday, Sept. 9, to Saturday, Sept. 13, should prove ten of the most eventful days in New England's eventful history, for during these ten days a new and powerful fraternal, business and all-co-operative order, a million or more strong, will be formed right here in these six old Yankee states of ours, in addition to the various activities of New England Week, Sept. 15 to 20.

The whole idea, reduced to a few words, is to organize a million New Englanders into a co-operative body of boosters, charging each member a ten-cent membership fee to cover the cost of the "NEW" button, the expenses of organization, part of the expenses of New England Week, and to provide a permanent fund for carrying on systematic work which will unite New England interests, promote prosperity in New England, and spread both inside and outside of New England a better knowledge of New England and its products.

To reduce the expense connected with organizing the "NEW" to the lowest possible figure and to leave the greatest possible amount of money available for carrying on permanent constructive work the membership committee, of which John F. Fitzgerald, who needs no introduction, is chairman, has decided to eliminate all road and expenses of an elaborate "travels" and to go direct to the whole people of New England through press announcements.

It is hoped that fully a third of the million members will be secured through the first announcement in the press of New England, and through the immediate response of the tremendous number of New Englanders who want to join not only in making New England Week (Sept. 15 to 20) a success but who also wish to "boost something" in New England in the way of permanent "boosting" organization.

This paper joins with the committee in inviting you to sign the "NEW" membership pledge printed at the end of this article, enclose it and your membership fee of a dime, (enclosed in a piece of paper in an envelope, and send it care to the New England Workers, 412 New Chamber of Commerce Bldg., Boston. You will receive your "NEW" button by return mail, and will be at once enrolled as an active booster for the best interests of New England.

Later it will be possible to secure memberships and "NEW" buttons through local banks, business firms and chambers of commerce. But you can be among the very vanguard of the NEWS in your locality by using the coupon at once.

To show you something about how the NEW organization will be formed, we quote from its constitution:

"The purpose of the Order of New England Workers shall be to co-operate in every possible way to help make New England Week a success and to set a permanent organization for making New England interests, for promoting prosperity in New England, its products, its institutions and its people."

"The board of directors of the Order of New England Workers shall consist of the governors of the six New England states and six delegates from each state, one delegate from each state to represent the respective interests of manufacturers, merchants, distributors, labor, women's clubs, churches."

"Each board of directors shall serve for two years and shall direct all affairs, business and activities of the order and shall administer all its finances."

ARE YOU A NEW?
If not, join today.
Rules for eligibility:
1. Be a good New Englander.
2. Don't knock New England, her people or her products.
3. Boost for New England, New England institutions, New Englanders and New England products. Get acquainted with New England products.
4. Know N. E. products is to want N. E. products.
5. Buy New England made goods where the value is as good or better than in the same kind of goods from elsewhere.
6. Be ready to discourage all New England knockers.
7. Help make New England Week, Sept. 15 to 20, a big success.
Initiation rites:
1. Wear the NEW button.
2. Say to yourself "I am a New Englander—proud of it—will be prouder of it when all New Englanders are."

YORK CLIFFS, MAINE

A SUMMER PARADISE

Between York Beach and Ogunquit on the Rocky Coast of Maine

Offered to the Public in Restricted Building Lots

York Cliffs, always considered one of the finest summer locations on the Maine Coast, a portion of which is subdivided into large restricted lots, averaging nearly an acre in size, is offered to the public for the first time.

THIS IS AN OPPORTUNITY

To purchase a very desirable lot in a well-established summer colony, where the value of land is bound to increase. Remember! The best lots are always sold first. The scenic beauties of this location are absolutely unexcelled. Many of the lots overlook the Ocean and Cape Cod Bay, commanding an unrestricted view of the Atlantic coast for miles. Passaconaway Inn, one of Maine's most beautiful Hotels, is located on this property.

Roads have been built, town water and electricity are available, in fact, nearly every convenience of the city is to be had in addition to the most beautiful and cool summer climate imaginable. There is a fine sandy bathing beach on the property.

WE BELIEVE

An inspection of this property will prove the above statements and that you will want a lot at York Cliffs. Lots and Prices to Suit Everyone—Reasonable Terms.

HOTEL GUESTS DISAPPOINTED

York Harbor.—Guests at the Marshall House were disappointed not to get a closeup view on the coming Presidential election when Frank W. Stearns of Boston, close friend of President Coolidge, was reported one of the guests to be stopping at the house. The information swept through the hotel like wild fire, but investigation revealed that the man was Baynard Stockwell of Princeton, N. J., a close double of Mr. Stearns, who stopped off here on his way home from Bar Harbor.

NOT A BRIGHT OUTLOOK FOR SOMERSWORTH

Operations in the Great Falls Mfg. Co.'s mills at Somersworth which have been suspended gradually for the past month are now almost wholly stopped. Very few are now at work in the mills, and these are doing only clean up work. No production of cloth is being made at this time.

Company officials have nothing to say regarding conditions. From all appearance, however, the employees are led to believe that nothing in the nature of increased production is expected in the very near future.

As the result of local conditions, still more workers are seeking employment in other cities.

WILL GET THE GROUNDS READY FOR FOOTBALL

As soon as the playgrounds are dry enough the public works will start the work of making the space ready for the football season. It is said that the grounds will be in better condition this year than ever before.

18 DEMOCRATS AND 3 REPUBLICANS TIE

Secretary of State to Break Tie by Drawing

—Candidates for summer vacation employees in this state, show that 18 Democrats and 3 Republicans tie for the same office. The secretary of state was expected to draw to break the tie on Tuesday and all candidates were notified to attend the drawing if they wished.

Ties not broken by drawing on Tuesday are expected to be broken by the same method later in the week.

CITY TO FILL IN OLD RESERVOIR

Ashes and Other Collections From Streets to be Deposited There

Within a short time the Public Works will start filling in the old reservoir on Madison street and all collections made by the street department of ashes, rubbish etc., will be deposited there. The reservoir is fed from springs which no doubt will give the public works a little trouble to overcome and it may be necessary to put in a blind pipe line to the sewer system to carry off the water if the filling fails to check the flowing.

ALL GRANITE HAS BEEN MOVED FROM OLD RESERVOIR

All the granite in the Madison street reservoir to be used in the construction of the Pierce Island bridge abutments has been removed to the place of operations. Between 300 and 400 cubic yards were taken out by the

OLD GUARD WINS IN YORK BEACH BALLOT

York Beach, Sept. 10.—An attempt to overthrow the present board of assessors and substitute in its stead three young "progressives" failed at the annual meeting of the York Beach Village Corporation.

Harry Norton and John Keen of the present board were re-elected and Dr. Norman B. Emery was named the third member to succeed George A. Chase, who has been the minority assessor for the past year.

A slate comprising Dr. Emery, George A. Chase and Harley G. Ellis was made up in an effort to oust Norton and Keen.

The younger men promised to work with the Chamber of Commerce, create permanent improvements, beautify the beach park, etc.

NEW ASSISTANT AT WHITE ISLAND

NEW ASSISTANT
Norman Oliver of Fire Island, Me., has been appointed second assistant keeper at White Island Light, Isles of Shoals, succeeding P. W. Woodruff, who has been transferred to duty at Manana Island.

OBITUARY

Captain Thomas M. Jackson
Captain Thomas Manning Jackson died Tuesday at Raymond, N. H. The funeral service will be held at Wood Chapel, this city, at 3 o'clock Thursday afternoon.

AN APPRECIATION

To the People of Rockingham County: For the splendid support you gave me at the recent Primaries, when I received the Republican nomination for County Solicitor, I think you from the bottom of my heart,

Per order of the Master
Councilor.

MAY OPEN NEW EXPRESS OFFICE IN KITTERY

Maine Egg Producers' Assn. Want Place for Delivery and Collection

It is understood that the American Express Company is considering the establishment of an office in Kittery with a salaried manager and agent which will likely do away with the business handled at the E. & M. stations at Kittery Junction, Kittery Navy Yard and Kittery Point. This movement follows a request of the Maine Egg Producers Association of which A. W. Sterling of Kittery is the president, that a regular agency be opened where collections and delivery can be made. If the project goes through the office will no doubt be located near the main line of the Boston and Maine Railroad at Kittery Depot.

BRIEF BITS

Some surprises in Maine.
Plant a tree.
Read the Herald.
Kittery seems to have a few Democrats.

Get ready for the fairs.
Second day of school.
No more \$1 bills to be printed.
How do you like the high crowned lid, girls?
The Board of Health has received several complaints lately.
Any more tag days on the way?
Look over the football suit, boys.
Be ahead of the cold weather—get in your coal. It may cost you more later.
When will the new land be seen in line of march.
What's doing for New England week in Portsmouth?
Some autoists believe the white lines of a safety zone are for parking purposes.
No sponsor has yet been selected for the submarine V-2, to be launched at the navy yard in October.

TO MEET AT ELIOT

York County Pomona Grange will meet with John P. Hill Grange at Eliot on Thursday. It is expected to have several hundred grange members present at the dinner.

FUNERAL NOTICE

The funeral of William McAndrew will be held from the home of his brother, James McAndrew, Badger's Island, Thursday morning at 8.30. High mass of requiem at St. Raphael's church, Kittery, at 9 o'clock.

MUSIC

Portsmouth School of Music
Now open. Book with teachers of all instruments. Room 15.
Studio concerts every Tuesday evening at 7.00 P. M. Agnes Graham Cutler will play Sept. 16. Free to all friends of music. Appointments Phone 247-J.

AUTO TIES UP TROLLEYS

The eight o'clock trip from Little Boar's Head this morning had to be out by the Portsmouth Electric Railway. An automobile going down Sagamore Hill got up to the hub in mud in the ditch where the new water main had been installed and the cars were unable to pass. Service was kept on schedule from Rye Center up, but the road couldn't get the service through to Little Boar's Head for an hour. Several high school students coming from beyond Rye Center were late to school because of the auto being stuck.

We're students of style!
